25' Pruning Tower

Features & Specifications

We are the oldest existing manufacturer of Side by Side Harvesters in the United States. We have used a lifetime of farming and harvesting knowledge to develop the fastest and most reliable harvesters on the market.

Our machines are very versatile and can harvest many types of trees even in the toughest conditions.

The Weldcraft Pruning Towers have been manufactured for over 40 years. These machines have the most power and are the smoothest and safest machine on the market.

Features

- ◇ Dual drive tires for better flotation and stability
- ◇ Smooth operation
- ◇ All functions can be controlled from the bucket
- ◇ Easy maintenance
- ◇ All hoses concealed and guarded under machine and in bucket
- ◇ Ariel lift harness system
